Text:

Hello! I am Amine. Today, my family and I are moving to a new house. I am so happy because it is a large villa with a beautiful garden.

On the first floor, there is a study room with a desk and a computer where I can study and do my homework and sometimes chat with my classmates, after school. Next to it, there is a utility room where mom can do the washing up.

On the second floor, there is a big kitchen between the dining room and the living room where mom can cook with delicious cakes and all kinds of meals in it.

On the third floor, you can see my room which I share with my brother Ryad, a large bathroom and my parents' room. How about your house? What does it look like?
